

Quan Zhang (Zard)

Brisbane | (+61) 0435892531 | quanzhang886@gmail.com | [GitHub](#) | [Portfolio](#) | [LinkedIn](#) | Visa: Full Work Right

Professional Summary

Full Stack Developer with a Master of Information Technology from The University of Queensland and full Australian work rights. Proficient in building scalable, maintainable, and user-friendly web applications using modern technologies including React, Node.js, and AWS. Successfully built and deployed an entire company website independently, with strong understanding of UI/UX, CMS, and performance optimization. Currently seeking a full-time front-end or full-stack web development role in Australia.

Skills & Abilities

- **Languages:** JavaScript, TypeScript, Java, Python
- **Cloud & DevOps:** AWS (Elastic Beanstalk), Docker, Jenkins, CI/CD
- **Others:** REST APIs, JWT, Stripe, Responsive Design
- **Front-End:** React.js, Redux, HTML5, CSS3, Shopify, CMS
- **Back-End:** Node.js, Express.js, MongoDB
- **Tools:** Git, GitHub, Jira, Figma

Work Experience

WEB DEVELOPER | INTELLIGENEER SOLUTION | 01/2024 – PRESENT

- Maintained and updated the company's Shopify-based e-commerce platform, ensuring up-to-date content and smooth order management.
- Developed a React-based standalone website [adatop.com.au](#) from scratch, including component design, routing, and UI development.
- Integrated a CMS to enable non-technical staff to manage and update content easily.
- Managed visual design and image processing for web assets, and optimized for SEO and performance across devices.

WEB DEVELOPER INTERN | M.C.S | 04/2023 – 07/2023

- Maintained and updated an eBay e-commerce platform, resulting in a 20% sales increase.
- Automated data updates using Jsoup and streamlined content workflows.
- Collaborated with cross-functional teams and quickly adopted new tools and technologies.

Project Experience

CRWN-CLOTH | FULL-STACK E-COMMERCE WEB APPLICATION

- Built a responsive single-page e-commerce platform using MERN stack (MongoDB, Express, React, Node.js).
- Developed reusable React components and integrated Redux with persistence.
 - Enabled Stripe payments and JWT-based user authentication.
 - Designed RESTful APIs and deployed the app on AWS with HTTPS support.

Education

Master of IT | The University of Queensland (UQ), Brisbane, QLD 02/2020 – 12/2022
